

SEARCH IS STILL BEING CONTINUED FOR STORM VICTIMS

More Than Three Score Bodies Have Been Recovered

(By The Associated Press)
NEW YORK, June 12.—Morgues and undertakers shops of the Metropolitan area tonight held the bodies of more than three score men, women and children—victims of yesterday's brief thunderstorm.

Marine police who continued their work of grappling in Pelham bay and Long Island Sound off City Island where the greatest toll was taken among Sunday canoeists and fishermen predicted they would find at least a score more victims—enough to push the death toll past 80. Eye-witnesses of the swift tragedy placed the number even higher.

At least 250 canoes, row boats and small motor boats were bobbing about off the island witnesses said when the storm came screaming down at a velocity of 80 miles an hour.

Occupants of the little crafts made a run for shelter, but they soon were engulfed in a blinding storm of rain and hail.

As quickly as it had had come the storm vanished. It had lasted less than five minutes. But scarcely a dozen of the 250 crafts had survived. Horror-stricken but helpless to aid the crowds saw scores of men and women clinging to wrecked and overturned craft in the choppy sound and bay. One by one they gave up and dropped quietly off to be carried out toward the open sea by the tide.

Some bodies, police say, probably never will be recovered. The tide turning, brought more than a score of them back today.

Heroic Work of Rescuers

Eye witnesses estimated there were between 500 and 750 persons in the wrecked craft. Heroic work by the United States life guards, members of nearby yacht clubs and volunteers from the shore crowd saved hundreds.

Among the first to put out were Jack Murray, J. C. Bower, Jack Malloy and Frank Warrington. Manning two small motor boats they saved more than a dozen men and women whom they found clinging to overturned canoes and rowboats. They were followed by others and soon more than 50 craft of all sorts were out dragging the survivors to safety. A score or more saved themselves by clinging to the sides of Cornelius Vanderbilt's schooner yacht Intrepid until they were hauled in or picked up.

The waters had been cleared by nightfall of all the living, but the search for the dead continued thru the night, guided by the searchlight of the police boat, John P. Hyman, a score of boats cruised about, grappling for and occasionally finding bodies.

Meantime there was on the shore, where darkness reigned. The island power plant had been put out of commission by the storm as had the telephone and telegraph lines. Relatives of the missing besieged the police station where a temporary morgue had been set up—gazing fearfully at the faces of the dead.

Others crowded the wreck-strewn beach waiting for the rescue boats. Fresh crowds hurried to the island today after reading morning newspapers.

The city island calamity while the greatest was not the only havoc wrought by the storm.

Pending investigation a charge of homicide was lodged against Paul Simon, owner of the 75 foot ferry boat at Clinton Point Park, which blew from its base, hurled its sixty occupants on the beach of Long Island Sound in a tangle of steel wreckage. Seven were killed and 27 injured.

More than a score of isolated drownings, electrocutions by touching fallen wires and deaths beneath falling trees were reported from the Metropolitan area.

DEFENSE TRYING TO GET EVIDENCE BEFORE THE JURY

Trying to Show That Greeks
Were Threatened Be-
fore Shooting

(By The Associated Press)
QUINCY, June 12.—Making desperate endeavors to get before the jury threats against the Greeks on trial for the killing of Sheriff Lashbrook, the defense offered witness after witness to prove their contention. For the most part, however, the testimony was ruled out and then disallowed by the jury as to the testimony that these witnesses would give.

These avowals were to the effect that threats had been made and repeated in various places about Frederick that a crowd was coming down from Browning to "clean out the Greeks."

Sam Dodd, one of the witnesses said he had gone to the depot to take the train to Beardstown but when he reached it he heard some conversation that made him beat a hasty retreat. He said he thought the men were from Browning. Dodd was not allowed to testify what he heard.

Foreman Klabanos was again on the stand said he saw one of a group of men he had reason to believe were hostile practicing with a rifle. The defense tried to get into the record the threats he had heard against his men and his endeavors to get them out of Frederick but it was ruled out.

Judge Wolfe ruled that the witnesses had none of them positively identified the men as being from Browning and that there had been no overt act shown up to the time of the shooting.

It is probable the defense will finish Tuesday. It is expected there will be considerable testimony in rebuttal and that it will be several days before the case goes to the jury.

Ordinances were passed for the Anna street, Diamond street and Howe street sewers.

Representatives of East Lafayette avenue, Ashland avenue and South Mauvaster street were present to ask questions relative to closing work on their streets, as the funds raised by the property owners have not been quite half the amount of the estimated cost.

W. H. Cocking, contractor, was present and explained there had been some discrepancies in the estimates made, but that the estimates given were based upon the street measurements.

There were various visitors and Mayor Crabtree gave all an opportunity to express their views.

Among the visitors were Walter Schildman, A. A. Metcalf, Hiram Johnson, William Spaulding, Hardin Christison, Fred Milley and George Connor.

LIFE OF LABOR UNIONS AT STAKE LEADERS CLAIM

Speakers Say Crucial Fight for Unions is Now On

(By The Associated Press)
CINCINNATI, O., June 12.—Facing a fight that leaders of organized labor regarded as one for the existence of unions, the American Federation of Labor today opened its forty second annual convention, which was marked by the presentation of many issues that are to be considered during the next two weeks and a speech by President Gompers, declaring "we do not fool ourselves into any fancied security."

The issues were brought before the delegates by the report of the federation's executive council. "We are not in a mood," said Mr. Gompers, "to have those rights and privileges guaranteed to us by our constitution taken from us by any subtle reasoning or assumption of power."

This declaration was greeted with applause. The speech of Mr. Gompers came after a program of welcoming addresses by Mayor Caryl, Secretary T. J. Donnelly of the Ohio Federation of Labor, and others. The big army of the Ohio National Guard, the scene of the convention was filled by delegates and spectators, while above their heads were hung a thousand American flags forming the hall decorations.

Only Ask Equal Footing.

In his brief speech Mr. Gompers declared that organized labor with only asked employers to meet with the union leaders in any disputes, but he said that genuine conference was impossible, unless both sides stand on an equal footing. Mr. Gompers asserted the disarmament conference made a beginning toward abolishing war, and that labor made the "greatest contribution toward that purpose."

Santiago Iglesias president of the Free Federation of Workers of Porto Rico presented a report endorsing the administration of E. Mont Riley, as governor. Iglesias declared Governor Riley had dealt fairly with organized labor in Porto Rico.

While the executive council's report centered around many questions to receive attention it also showed that the total membership of the federation is 3,195,635. Although there was a loss of 710,630 in the past year it was pointed out that it was a gain of more than 1,100,000 over 1916, which year was followed by big gains during the war. The report told of labor's accomplishment of the last year, which, it said, was marked by "unusual strife and unusual industrial depression."

BANK OFFICIAL SPENT DAY ON STAND MONDAY

Cashier of Grant Park
Trust & Savings
Co. Testifies

(By The Associated Press)
WAUKEGAN, Ill., June 12.—The prosecution today traced step by step the myriad details of the transactions of the Grant Park Trust & Savings Bank involved in the case against Governor Len Small. Norman Griffin cashier of the bank was directed to produce additional original records of the institution tomorrow when James Wilkerson assistant attorney general will continue the questioning.

Mr. Wilkerson said tonight the state probably will complete its case by Thursday. Examination of Mr. Griffin developed that there were no records in the Grant Park Trust and Savings Banks of loans of several million dollars made by the institution to Cudahy & Co., Chicago, packers. Likewise, it developed books of the bank do not show handling of the discount checks issued by the packers to the bank and in at least one case Mr. Griffin testified he could not identify the handwriting of the person who had endorsed a discount check for the bank.

Efforts of Mr. Wilkerson to trace these checks, some of which are shown on the bank's cash book to the account of either the late Senator Edward Curtis president of the bank during his lifetime; Vernon S. Curtis, the present president and co-defendant with the governor on the Grant Park bank the alleged non-resistant bank under the name of which the state charges the governor and others conspired to defraud the state, proved unavailing. The witness said he did not know what became of the money as the only records which would show that had disappeared.

Mr. Wilkerson asked him about more than a dozen transactions of \$250,000 to \$500,000 with the Cudahy company. A sample of the line of questioning and the answers given concerning two \$500,000 loans made to the packers by the bank of June 25, 1919.

"Turn to June 25, 1919," Mr. Wilkerson said, referring to the bank's cash book. "Look at two exhibits that purport to deal with two loans for \$500,000 each. Look at your book from June 25 on to the end of the month for the year 1919 and at your loans and discounts account for the month of June 1919 and state whether there ever was at any time among the files and papers of the Grant Park Trust & Savings Bank any paper or memorandum or anything relating to these two loans?"

"No sir," the witness said. He then identified the endorsement of the Grant Park Trust & Savings Bank on the back of a discount check of the Cudahy Packing company for \$37,555.55 in connection with these loans.

"Refer now to your cash book commencing June 25, 1919, and to the remainder of the month of June, 1919, and state whether or not there was at any time among the files and papers of the Grant Park Trust & Savings Bank any item, paper or memorandum relating to the handling of that check by your bank?" the prosecutor asked.

"No sir."

A newspaper headline says that Lenin is dead or dying and that Russia will be in a state of chaos. There is no special reason for using the future of the verb, for change has been the rule in Russia for several years past.

In certain courts of record the hour of 9 a. m. is a variable quantity and means most any time before noon. Some of the operators in the non-union fields seem to have the same idea about Mr. Hoover's \$3.50 mine price. Already they are charging \$4 and \$4.50 and evidently think that \$3.50 means anywhere from that figure up to \$4.50.

Every spring and summer the visitors to Jacksonville praise the beauty of her shaded streets. They talk about the trees as some of the grandest they have ever seen, and as the glory of Jacksonville. The people at home agree with the visitors but thus far this praise has never led to the needed program of replacing shattered or decaying trees, nor in the planting of young trees in places not now shaded. It is a worth while project for some one to undertake.

Senator Lenroot's idea that the mines should have some mea-

sure of government control if settlement is reached between the miners and the operators within a month, will have the approval of many of the workers. In fact that is the very thing that miners and their officials would like to see happen.

AIRPLANE DEVELOPMENT

All branches of the government having to do with the operation of airplanes are closely cooperating for the advancement of the art of flying. Improvements in methods of air defense are being perfected, and commercial planes are also benefiting from the investigations. The big increase in commercial aviation is due largely to the encouragement received from federal sources.

It is estimated that in 1920 1,000 planes carried 41,390 pounds of freight and 115,000 passengers, at an average charge for short flights at \$12.50. In 1921, 1,200 planes carried 123,227 pounds of freight and 122,000 passengers for an average charge of \$9.60. As the number and capacity of the machines increase, the efficiency of operation rises and the cost drops.

SUCCUMBS TO BURNS FROM ELECTRIC WIRE

Walter Grammer, prominent retired business man of Baylis, who has been a patient here at Our Saviour's hospital since last Wednesday, when he received severe injuries from the current of a high tension transmission line connecting with a steel fishing rod he was carrying, died at 6:30 o'clock Sunday evening.

The remains were taken to the Reynolds Mortuary and prepared for burial and were taken Monday morning to Baylis, Coroner Charles A. Rose was summoned and held an inquest. A jury composed of B. C. Lafr, foreman, Deem Rapp, Ed Haley, Frank Govia, Amos May and Louis Leung was empaneled to investigate the death. The inquest will be continued today when other Baylis residents are expected to furnish further evidence. The widow, Mrs. Lottie Grammer, testified Sunday night, as follows:

"Mr. Grammer and I went fishing on Wednesday, June 7. We crossed the river in a ferry boat at Valley City and were walking down the levee to get to the place where we were going to fish. Mr. Grammer was carrying a steel and came fishing pole on his right shoulder and he passed under the wires of the C. I. P. S. Co. As we passed under the wires a flash of fire probably two feet long came from the wire and seemed to follow the fishing pole which my husband was carrying. He fell forward face down. Carl Roberts swam across a ditch and telephoned for help. The wire was very low over where we passed."

Two sons, Floyd of Baylis and Raymond of Louisville, Ky., and two daughters, Mrs. R. E. Ehnist and Mrs. F. C. Whittier in addition to the widow survive the decedent.

TAKE SUPPER ON MAJOR DALTON

Burglars who entered the grocery store of Major W. H. Dalton, 429 South Church street, some time Sunday night took a supper at the expense of the owner before leaving the premises.

The burglars gained entrance by boring a hole in the south door of the store and then pulling back a bolt with which the door was fastened. The result of their haul was \$12 in cash, three cartons of cigarettes and a box of cigars.

The thieves, however, added insult to injury when they appropriated several cans of salmon and some ice cold soda pop and enjoyed a supper in the yard adjacent to the store. The matter was reported to the police but so far no clue has been obtained.

BACCALAUREATE AT ILLINOIS COLLEGE

Annual Sermon Delivered Sunday Morning by Dr. D. S. Schaaf—Large Audience Hears Strong Address.

The morning dawned clear and bright Sunday and all was propitious for the beginning of the annual exercises of Illinois college, the first of which was the baccalaureate sermon at Westminster church. Promptly at 10:30 the alumni, trustees and faculty of the college assembled on the lawn in front of the buildings and marched in an imposing procession to the church where special seats were provided. The music was of an especially inspiring character and all the remainder of the program was carried out in a manner well befitting the occasion.

President Rammekamp presided; the invocation was pronounced by Rev. T. W. Smith, D. D., the responsive reading was conducted by Rev. W. H. Marbach, the scripture lesson was read by Rev. R. O. Post, D. D., prayer was offered by Rev. E. C. Pires, Ph. D., of Erie, Penn., and the benediction was pronounced by Rev. George E. Stickney.

The sermon was delivered by Rev. D. S. Schaaf, a former pastor of Westminster church and to some of his numerous friends assembled on the occasion it seemed almost impossible that he had been away 25 years yet such was the case and it was true also that the warm esteem in which he was held while in the city still remains in the breasts of all who knew him and were cordially recalled by the illustrious gentleman.

Dr. Schaaf took for his text, Gal. 6:5, "For every man shall bear his own burden." A few thoughts are offered:

"Our lives are given to toil, honorable and worthy it should be. To the first man it was said, 'In the sweat of thy face shalt thou eat bread,' and from the days of Adam till there has been no road to success. The young reason for whom the way has been easy by indulgent parents, or others, is truly unfortunate. The world is full of examples of sad wrecks of those who did not have to eat bread in the sweat of their faces."

"Faculties of various kinds have been given to all and we are responsible for the right use of them. When a great man is asked what was his greatest concern and most important obligation he replied, 'My responsibility to my Creator.'"

Every Man Must Answer
"Every man must answer to God for himself. Each has a work he may do in the world and the wisest man is the one who is able to discover in time the work for which he is best fitted and then undertake it with all his might. The wise man of old said: 'Whatsoever thy hand findeth to do, do it with thy might.' Paul, that giant in the Christian world said: 'but this one thing I do, forgetting those things which are behind and reaching forth unto those things which are before, I press forward toward the mark thy calling of God in Christ Jesus.'"

"We are all responsible for the use of the talents God has given us and he to whom but little is given is just as responsible for the use of that little as the man to whom much has been granted. To feed the hungry, to clothe the naked, to comfort the widow, to be a father to the fatherless, to raise up the poor and lowly; these are among the noblest attributes of man. 'What good may I do in the world?' should be the constant question of every true soul."

"Not all may occupy exalted positions, not all may shine in intellectual, social or business circles. All have their proper place. The beautiful structures in the world we so much admire would never rear their proportions on high were it not for the humble stones unseen but all important in the foundation."

"We seek success and always remember that patience, fidelity and steadfastness will surely win. Every man must take a stock of himself; see what his powers are; look for the work for which he

is best fitted and then, with the help of his Maker pursue his calling as did the great apostle of old and when he has honestly done this; when he has attained the highest place of which he is capable then may he rejoice in his life work."

"There is but one safe and sure Guide in this world. All mankind is fallible; no one is perfect; all liable to err but there is one to whom we may go sure of wisest counsel, tender love and compassion and comfort in times of trouble and sorrow and a safe leader under all circumstances, Jesus Our Savior."

INSURANCE POLICIES FOR THEIR EMPLOYEES

Illinois Steel Bridge Company Adopts Group Life Plan—Policies Issued By Travelers Insurance Company Thru Ward Agency.

The Illinois Steel Bridge company has just presented to its shop employees life insurance policies, which will be payable to the family of an employee immediately after his death. Or in case the employee suffers permanent total disability, either thru accident or sickness, the insurance will be payable to the employee himself.

This benefit comes from a Group Life Policy issued by the Travelers Insurance company of Hartford, Conn., thru Charles H. and Lathrop H. Ward, local agents.

The purpose of group life insurance is to provide a very substantial benefit to employees at a time when financial aid is most needed. This plan of insurance has been developed during the past ten years in response to a sincere desire of large employers of labor to better economic conditions of the laboring class, and over two million workers are now enjoying this protection.

This community should welcome the inauguration of Group Life Insurance in one of its prominent industries, reflecting enterprise on the Illinois Steel Bridge Company.

PAINTS VIEW OF BATHING POOL

Glenn Bartlett of the Loop Sign Shop, has painted a panoramic scene showing the bathing pool at Nichols' park to very good effect. The painting is several feet high and about fifteen feet long and shows the diving boards, boat houses and pool against a background of trees and lawn as seen from the lake. Figures clad in bathing suits are seen in and out of the water.

The picture is now in the window of T. M. Tomlinson's Clothing store and forms a background for an outlay of bathing suits. The window looks very much like the balmy bathing beach and is attracting much attention from passers by.

Chester Brainer of Meadow View farm was calling on his Literberry friends Thursday.

The Ladies Aid of the Baptist church met on Thursday morning at the home of Mr. and Mrs. M. M. Crum in Jacksonville, with Mrs. Crum as hostess. Twenty members were present. A cordial welcome was given to all by the members of the Crum family and the morning was spent in a social way. At noon a fine dinner was served cafeteria style. There were chicken with rich gravy and dressing, buns, potatoes, mashed and stirred to a cream, cabbage in all kinds of good dressing, pickles of all kinds, salads, with vegetables and fruit, cottage cheese, jelly, raspberry preserves, cake, both white and dark, and very fine; ice cream, tea and coffee. The dinner was perfect and everybody was served and there was plenty to spare. Twelve children were present to enjoy this gathering. We had the pleasure at the noon hour to meet Miss Anabel Crum, Miss Stultz and Miss Jones of the Woman's college. Miss Jones is a native of South America, but is a four year student at the college. She has been in this country two years and will be at the college two more years. At one o'clock Mrs. Guy read a beautiful poem, "Jesus Reigns" and an interesting business session was held. Mrs. H. D. Crum gave two selections of popular music on the piano which was enjoyed by all lovers of good music. Mrs. B. S. Galley treated the ladies to a fine talk on her travels in the Orient, Hawaii, Japan and China. This was very interesting and instructive. Some of the places and people she told us of were exactly as we had learned them from our mission books. A good collection was taken and the benediction followed.

Rev. Johnson preached a very touching sermon at the Baptist church on Sunday morning on "Fathers' Day" taking for his text Exodus 15-2, "The Lord is My Father's God and I Will Exalt Him." At the close of the service the ordinance of baptism was given to Wiley Scribner, James Robert Beavers, Eleanor Guy and Ola Mullen.

CLASS DAY EXERCISES AT ILLINOIS MONDAY

Seniors Hold Time Honored Exercises on Campus—Dean Scott Presided.

The usual class day exercises of the senior class of Illinois college took place on the campus yesterday morning. The program was replete with wit and wisdom and showed that the young people had not been idle during the years of their course. Dean Scott, class officer, presided and introduced the various numbers.

He remarked with pardonable pride that the class of thirty-six people took thirteen of the final honors which was something worthy of pride. The class of '21 had but five honors and that of '20 but four. He then called on the various participants to appear as follows:

Mac Peters read the class prophecy, foretelling all sorts of careers for the members of the class. Some were destined to be grave and some gay; some wealthy and some otherwise and all to reflect honor on old Illinois.

Kelly told the history of the class; its various vicissitudes, escapades and experiences.

Calhoun read the will of the class. The various articles of property belonging to the class were suitably disposed of and the program was completed.

FORMER RESIDENT
IS NINETY YEARS OLD

William F. Bridgman Celebrates Birthday at Home of His Son in Maroa

The Decatur Review carries under a Maroa date line a story of the observance of the 90th birthday of William F. Bridgman, a former resident of Morgan county.

Mr. Bridgman is a brother of Mrs. Alex Patterson, living on South East street in this city.

The article is as follows:

William F. Bridgman quietly celebrated his ninetieth birthday anniversary Tuesday at the home of Mrs. John Miller in this city. In honor of the occasion a few of the relatives, were invited to the Miller home to partake of the dinner which she had prepared. The birthday cake, surmounted with ninety lighted candles, was made by Miss Ruth Davis, a great granddaughter. Mr. Bridgman was for many years a resident of Maroa, but since the death of his wife has made his home with his youngest child and only son, Harry Bridgman, now a resident of Le Roy.

Drove from Tennessee

William F. Bridgman was born in Granger county, Tenn., May 30, 1832. He grew to manhood in that county and when he was nineteen years of age his father's family consisting of his parents and eight children and his father's mother, left their old home for Illinois. The conveyance was an ox team which he drove through, walking most of the way. Mr. Bridgman's father had a brother residing in Morgan county, where they arrived October 28, 1851. When they reached there the father had \$2.70 in cash. He rented a farm and raised a crop the next year. Later Mr. Bridgman worked in a country store in the little town of Concord. On October 18, 1855, he was united in marriage to Miss Elizabeth J. Williamson.

With the exception of one year spent in McDonough county Mr. Bridgman resided in Morgan county until March, 1877, when he came to Macon county and located on a farm on section 23, in Austin township, the farm being now owned by H. H. Hoover. The family resided in Austin township nine years. In 1886, with a large number of other Maroa people, he moved to Lyons, Kansas, where he engaged in the heavy business. In 1890 he returned to Illinois and again located in Morgan county near Chapin. Four years later he returned to Maroa, and in 1897 rented a farm two miles from Farmer City where he resided until 1905, and then returned to Maroa. October 18 of that year Mr. and Mrs. Bridgman celebrated their golden wedding. Mrs. Bridgman died here June 25, 1916, and soon thereafter Mr. Bridgman went to Farmer City where his son at that time resided.

Mr. Bridgman was the father of seven children, only three of whom are now living. They are: Mrs. Mary Cline, of Lyons, Kansas; Mrs. Louisa Ross of Maroa, and Harry Bridgman of Maroa. He has two brothers living, Henry, of Mowequa, Ill., and John A., of Jacksonville, Ill.; and three sisters, Mrs. Amanda Williamson, and Mrs. Sarah Y. Pattison of Jacksonville, Ill., and Mrs. Cornelia Guthridge of Farmer City.

Has 50 Year Jewel

Mr. Bridgman is a member of the Odd Fellows lodge of Chapin and has been a member of that order for sixty-seven years. He wears a 50 year jewel furnished by the order. He has been a member of the Christian church for many years. Although past ninety years of age Mr. Bridgman is in fairly good health except for his eyesight and hearing, and is able to go from place to place without any assistance or even the use of a cane.

Miss Ethel Harrison of Waverly, came up to town to shop yesterday.

ALASKAN TOTEM POLES RIVAL THE PARTHENON

This Is Statement of Dr. P. T. Waterman of Smithsonian Institute.

Ketchikan, Alaska.—(By The Associated Press)—Indian totem poles of Alaska are as beautiful and as interesting as the Parthenon of old Greece according to Dr. P. T. Waterman, who is in Alaska studying the totem poles for the Smithsonian Institute.

Along the Alaska coasts the totem poles are disappearing and Dr. Waterman was sent north by the United States government, to make a study of them and record their history before they are all gone. In the native village of Kasaan, near Ketchikan, he found a large group of poles.

Dr. Waterman says he has found that totem poles were used not only for memorial shafts but also were used by the early Indian as receptacles for the bodies of their dead.

The first totem poles were beautifully carved by professional carvers who used flat colors, made from local minerals. Dark red, deep blue and black were used in coloring and not the gaudy yellow, bright red and blue which were found on later poles.

Each totem had its own name and the naming of the pole was the occasion among the Indians for a pollack and the giving of presents. "Moving up Higher," was the name of one pole belonging to the Koyuk tribe.

"Bear Kneeding" was the name of another, getting its name from the way in which a bear walks, a movement similar to that of a woman kneading bread.

In one village Dr. Waterman found a pole on which was carved the figure of Alexander II, who was czar of Russia when Alaska was sold to the United States. Alexander was pictured as wearing a frock coat, epaulets and pocket flaps, this Dr. Waterman believes, was to show the contempt of the Indians for a czar who "could not hold."

Dr. Waterman expects to spend another month in Southeastern Alaska studying totem poles before returning to Washington, D. C. He has devoted the past twelve years to Indian Research work.

VESPER SERVICES SUNDAY EVENING

Y. M. C. A. and Y. W. C. A. of Illinois College United in Services on the Campus—Address by Rev. E. C. Pires.

A fine audience assembled under the trees on the Illinois college campus last evening to enjoy and participate in the vesper service, Jacksonville is pardonably proud of the brilliant young men who have gone forth from her midst to be a blessing to the world and the people on the campus last night well demonstrated the truth of the statement. The talented young speaker, Rev. E. C. Pires, Ph. D., of Erie, Penn., is a product of Jacksonville. As one fittingly remarked last evening, the son of such parents as he had surely possessed a goodly heritage and had every home advantage in the making of a grand career.

The musical part of the program was capably led by Rev. T. W. Smith, D. D., with Miss Esther Duncan, ably accompanying on the piano. Rev. George E. Stickney offered prayer and Miss Josephine Conboy favored the audience with a vocal solo, most artistically rendered. President Howells of the College Y. M. C. A., said the exercises were under the auspices of the College Y. M. C. A. and Y. W. C. A., and requested President Rammelkamp to introduce Dr. Pires, the speaker of the evening. The duty was done in a very pleasant manner, the gentleman referring to the success which had been attained by the one who was to address the audience and the pleasure that all interested in Illinois college felt in the fine success attained by such of her sons.

The gentleman's sermon was a grand effort and it would be a rare pleasure to present it in full, were it possible. It is simple justice to him to say that it was eloquent without being flowery; beautiful in imagery without being sentimental; earnest in the presentation of the truth, without being prosaic, somber or commonplace. A small part of the fine discourse is offered:

"On a Phoenician boat on the Mediterranean sea a young man was going to college. The world was before him as he stood on the deck with the soft winds fanning his brow many hopes and anticipations filled his mind. He gained what he could at his home in a Taras and now was

on his way to Jerusalem to complete his education and his heart through bed with expectancy as he beheld the heights of Lebanon and the summit of Carmel about which the vast throng had shouted, 'The Lord, He is the God.' From an eminence he saw Jerusalem; he beheld the temple with all its beauty and grandeur and he thought of the 122nd psalm, 'Lift up your heads, O ye Gates.' Even lift them up, ye ever lasting doors and the King of Glory shall come in."

"He has studied with the teachers at home but he sought the greatest of teachers and as was the custom, they literally sat at the feet of the mighty scholar."

"At the same time in the city of Hebron was a young man studying about the coming of Christ while by the sea of Galilee were humble fishermen, little thinking of the part they were to have in the world's greatest epoch while in Nazareth, subject to his parents, as a young man in a carpenter's shop studying how He would do the will of Him who had sent Him."

"Saul was mastering his subject; he was perfecting himself in all the intricacies of the Jewish laws and traditions and inbibing its faith and no other student ever went forth with such a record as he had. It was a grand thing to become proficient in Jewish lore; it was a noble thing to safeguard the temple as did the knights of old; Jason in his search had a great motive but the pursuit of knowledge is the greatest pursuit of all. Anything is better than dense ignorance."

"This is an intensely utilitarian age. What a man knows soon tells what he is; to know God is better than all other knowledge; to know that Jesus is Christ, the Savior of the world and that the Bible is our one and only infallible guide is the highest attainment of man."

"Like a mighty arch in the structure of a character is a knowledge of truth as it is in Christ. Ambition for good things is right and important in a successful life. To be ambitious for social distinction; for worldly wealth and distinction; for the respect of our fellowmen; all right within proper bounds but the grand ambition to sit at the feet of the great Master, imbibe His spirit and do His bidding every day and hour is the noblest aspiration of all."

"Our lives are vain unless consecrated to God. Religion is the one greatest possession of man we are bought with a price beyond all compare and vainly should we ask ourselves the question, are we worthily acting as if we realized the wonderful worth of that Price paid for us?"

"As our noble soldiers marched to duty, privation, toil, danger and death that the tyrant might be conquered and the world relieved from despotism so let us devotedly follow the bloodstained banner of King Immanuel faithfully following His example here and forming characters that will withstand all temptation so that when the roll is called at last we may be able to answer present to the ranks of the King of Kings and Lord of Lords."

POETS AND POETRY OF ILLINOIS

At the recent meeting of alumni of the Jacksonville Academy, Conservatory and Athenaeum Miss Georgia Osborne made a valuable address on the subject of "Poets and Poetry of Illinois." In the closing paragraphs Miss Osborne made the following local references:

That our own "Athens of the West" has contributed its own share of this art, we have only to recall the collection of poems by Mrs. Martha Kappa Oliver "Round the Year With Other Poets" and her religious poems; also those of Mrs. Ida Scott Taylor McKinney. There may be many others which we ought to add.

When you drive out to East cemetery and when either the morning sun sheds its rays on the Hardin monument, or the glorious sunsets of the west touch its top, I wonder if you will not try to recall some lines of this little poem of Col. John J. Hardin, sent in a letter to his wife from Washington, D. C.

"Bury me not, when I am dead; Amidst the city's glare— Where thoughtless, careless mortals tread, And wealth and misery are wed; Oh! bury me not there."

Bury me not, when I'm no more, High on the mountain bare— Where hought bar eagles o'er it soar— And storms end tempests round it roar; Oh! bury me not there."

Bury me not, when I'm at rest, Where martial pennons glare, For empty show and gorgeous crest Can never soothe an icy breast. Oh! bury me not there."

Bury me not, when I shall sleep, By oceans rocky fair; Where winds and waves their vigils keep, And ever moans the restless deep— Oh! bury me not there."

Bury me not, when I am gone, In boundless prairie, where The buried dead are left alone. Unmarked, save by a cold grave stone— Oh! bury me not there. But bury me, when I shall die, 'Midst woods and flowers rare."

When o'er my grave the winds may sigh, And birds may sing, and friends are nigh, Oh! bury me then there."

Think ye not that these wishes have been fulfilled?

We may not all be able to give expression of the sentiments and feelings which well up in our hearts as we read this story of Illinois as portrayed by these poets and their poetry, but we feel quite sure that where you will on this continent or in foreign lands, when you return to your native state, you will say:

"I love the waving fields of grain, The trees, the flowers, its winding streams, The dawning skies of gold and sun, The twilight hours when day is done; It's all in Illinois, Illinois."

The members of the Loyal Women's Class of Central Christian church gave a most enjoyable entertainment last evening for the residents at the Old People's Home. The hostesses went to the home early in the evening and gave an interesting program which they guests greatly enjoyed. Miss Dorothy Dunavan gave a reading and played a number of piano selections and Mrs. Ben Roodhouse gave a group of readings. Mrs. Charles Wolke contributed the last number on the program by giving a number of piano selections. Following the program, some excellent refreshments were served and every one had a good time. Mrs. Ralph Crabtree was the chairman in charge of the affair and her committee consisted of the following ladies, Mrs. Charles Wolke, Mrs. George Brown, Mrs. Aldrich, Miss Effie Crabtree, Mrs. Correa, Mrs. Charles Roberts, Mrs. Brandon, Mrs. Leonard Acre and Mrs. Mabel Dunavan.

Luncheon for Mrs. Fraser.

Mrs. Ben Lurton was the hostess at a delightful luncheon and bridge given at her home on South Main street yesterday afternoon in honor of Mrs. Alfred Fraser of El Paso, Texas, who is visiting in the city with her sister, Mrs. T. S. Scott. The guests at the affair were the members of the luncheon club to which Mrs. Lurton belongs. A dainty luncheon was served at 1 o'clock and in the afternoon three tables were made up for bridge and the hours pleasantly spent in playing.

Centenary Society Meets

The Mary Melton Division of the Woman's Foreign Missionary Society of Centenary church met last evening at the home of Mrs. Fred Six on South Main street. This was the regular meeting of the society and a large number of members were present. The evening was given over largely to a business meeting and an informal program. Remainder of the time was spent with a social hour and the hostesses served attractive refreshments. Mrs. A. J. Haney and Mrs. C. D. Robertson were hostesses with Mrs. Six at the meeting.

Annual Prom Delightful Affair.

The annual senior promenade at Illinois college, held last evening in the college gymnasium, was one of the most delightful events of the commencement season. There were about one hundred couples present and among the guests were a great many alumni and former students who are here for commencement events on the Hill. The dance program opened at nine o'clock in the evening and continued until two o'clock. Brown's Serenaders furnished an excellent program of music and the whole affair was most successful and delightful in every way.

At twelve o'clock supper was served and dancing was resumed about one o'clock. A number of the faculty members were special guests and acted as chaperones for the dance. Dean and Mrs. G. H. Scott and President and Mrs. C. H. Rammelkamp were among the special guests. The Rig Veda board was in charge of the arrangements for the prom. Felix Farrell was the general chairman and he was assisted by Eldon Carr, Francis Thurman and other members of the Rig staff.

Miss Reynolds Returning Home For Summer Vacation

Surprise Party Given for Miss Frances Nichols.

In view of the fact that Miss Frances S. Nichols is soon to be married to Stanley H. Wright, Mrs. W. E. Spoons, Miss Edith Rodgers and Mrs. Robert Mullenix conceived the idea that it would be a very pleasing thing to give the young lady a surprise lawn party. They decided to make it a strictly neighborhood affair and all of the dwellers in the vicinity of the junction of West College and Diamond streets most heartily agreed to the proposition and worked in harmony to make the affair a complete success.

Tables were spread on the east side of the Mullenix residence and to them were brought a tempting array of the good things of life. Everything that could tempt the appetite of the most exacting epicure was provided in abundance and all was ready for the merry feast. Miss Nichols' sister, Mrs. Huber and family, who are here from Elgin guests at the Nichols' home, assisted in keeping the young lady away while the preparations were going on. It was so arranged that she and Mr. Wright arrived in time for the feast and the young lady's surprise was so great that for a few moments she was almost speechless, but managed to take in the situation and enter into the spirit of the occasion most heartily.

She and Mr. Wright were escorted to seats of honor and then Rev. W. E. Spoons, D. D., arose and holding in his hands a large box, mysteriously closed, proceeded in remarks full of wit, humor and pathos, to tell the young lady in what high esteem

AUTO DEALERS WILL GIVE PLATFORM DANCE

Event Planned for July 11th to
Raise Fund for Hospital Room
—Will Be Given on State Hos-
pital Grounds.

At the regular monthly meeting of the Jacksonville Automobile Dealers association held last night at the Dunlap hotel J. F. Claus, chairman of the committee previously appointed to take charge of a proposed entertainment and dance to raise funds to fully furnish one room in the new annex to Our Saviour's hospital made a report.

Dr. E. L. Hill, superintendent of the Jacksonville State hospital, has most generously offered the use of the hospital grounds for the event and will assist in every way possible. Dr. Hill's splendid offer was received with enthusiasm by the members present and after some discussion it was decided tentatively to fix the date as Tuesday, July 11.

As now planned the event will be an evening platform dance and frolic. There are in the neighborhood several large dance platforms which will be brought to the grounds and joined together as one, affording ample room for everyone who desires to enjoy outdoor dancing. There will also be a number of special entertainment features, good orchestra music and plenty of good things to eat and drink. It will be moonlight and if the weatherman is at all kind the event promises to be another of the really enjoyable affairs which the auto dealers have planned for the benefit and entertainment of residents and visitors to Jacksonville.

Charles M. Strawn will be in charge of arranging for dance platforms, donating the use of a large one which he owns. Another will be donated by Jacob Strawn. Charles Strawn also will have charge of the dancing during the evening.

The executive committee for this benefit entertainment is, J. F. Claus, chairman; J. G. Berger, C. M. Strawn, Ralph Withee, W. T. Harmon and W. J. Houston. The sub-committees will be named later.

The meeting last night was preceded by six o'clock fried chicken dinner served in the private dining room of the Dunlap. The table was decorated by Manager Rule with American flags in honor of the approaching Flag Day.

Miss LaVerne Rice of Champaign, a former student of Illinois college, is visiting at the home of Mrs. Jerry Cox on Caldwell street and is attending the commencement events of her Alma Mater.

The box contained a collection of beautiful cut glass most acceptable to the recipient. The feast followed and all ate until satisfied praising the skill of the ladies who had prepared the menu so capably.

VETERAN SOLDIER IS MARRIED HERE

Sergeant Bond of Washington, D. C. and Mrs. Veta Woods of Springfield Married Here.

Sergeant Robert Bond who has been a member of the regular army for nearly twenty four years was united in marriage here yesterday to Mrs. Veta Woods of Springfield.

There is a little romance attached to the wedding. Bond recently received his discharge from the army and was headed for Denver, Colo., to settle down. He camped at Nichols park. It is said that Bond remarked to someone that he would give a thousand dollars if some one would tell him where he could get a wife as he was tired of single blessedness.

The one addressed asked him why he didn't marry Mrs. Woods, a widow who was camped nearby him at the park. Bond acted immediately. Having been so long in military service he was used to making quick decisions. He brought the courtship to a speedy close and he was soon at the courthouse with his bride-to-be where he secured the license. Justice Opperman was called and he soon made the twain one.

The groom enlisted in the army when 19 years of age. He served in the Spanish-American war, in the Philippines and also took part in the Boxer uprisings in China and then served in Alaska. After chasing Villa in Mexico he wound up in the world war in France. The couple will make the trip by automobile to Denver, Colo., where they expect to reside.

BARBER SHOP BURGLARIZED

Last evening some time between the hours of 8 and 11 o'clock the barber shop of Elmer Challans at 205 East Morgan street, was burglarized. Mr. Challans closed his shop at 8 o'clock and went to town. In the meantime a quintette of songsters, three whites and two colored, were heard harmonizing near the rear of the shop. About eleven o'clock when Mr. Challans returned to retire in his room at the rear of the shop he found that some one had appropriated a suit case containing neckties, shirts, socks and part of two cartons of cigarettes, as well as a Prudential policy for \$1,600. Sheriff Weatherford was summoned and after taking an inventory of the situation it was decided that the marauders had entered by reaching thru the opening afforded by a broken window pane and unlatching the door.

Mr. Challans has a pretty good idea as to the identity of the burglars and arrests probably will be made soon.

WRITE for The BOOK of the PLAY describing Yellowstone NATIONAL PARK

And it is a play—the greatest on earth with Nature's own actors. 100 dancing geysers, countless springs boiling in gorgeous colored basins, seething "paint-pots" of liquid pigments, spluttering mud volcanoes.

The play goes on ceaselessly with a stage setting of flower-carpeted valleys, majestic mountains, roaring waterfalls and marvelous canyons of indescribably beautiful colorings. While the bears, buffalo, deer and elk roaming at large, give the completing touch to the grand ensemble.

The beautiful book describing Yellowstone, and containing maps and information regarding camps and hotels, is free. Write for your copy.

ANNUAL OSAGE ORANGE PICNIC

Was Held on the College Campus
Yesterday Afternoon and Evening—Large Number Were in Attendance.

The annual Osage Orange Day picnic at Illinois college Monday afternoon and evening was one of the most enjoyable affairs which have been held on the Hill for many years. The three plays given by the language clubs of the college formed a new and most attractive feature of the event and the music by the Illinois college band also added greatly to the interest of the program.

The program opened at three-thirty o'clock in the afternoon and a large audience had assembled for the plays. The plays were staged on the campus and were cleverly and artistically put on under the direction of Professor R. O. Busey of the language department. The Spanish play was "La Primera Disputa," and was given by students from the Spanish club. Miss Lillian Swift, Miss Margaret Johnson and Ellsworth Scott were the members of the cast for this clever little comedy.

"Cendrillon" was the French play and the members of the French club who took part in it were Miss Mable Ruyle, Miss Eunice Williamson, Miss Jeanne Mayer, Miss Alice Alexander, Miss Celestine Hemphill and George Govett. Arthur Howells, Miss Mable Ruyle and Edwin Miller took part in the play put on by the German club entitled, "Der Fahrende Schuler." The plays were each given in the foreign language and were most attractive and successful in every way. Attractive settings had been arranged, the costumes were clever and the students showed especially good accent and conversational work in their interpretation of the plays in French, German and Spanish.

After the plays the Illinois

college band gave a short program of classical and popular selections. About 5 o'clock the crowd dispersed and all over the campus different groups gathered for the picnic supper. An unusually large number of alumnae and former students of the college are here for the commencement events and every one had a delightful time renewing old friendships and talking over old days. There were about four hundred students, faculty members, friends, former students and alumni of the college present for the annual gathering. Jacksonville women acted as hostesses for the different groups at the picnic and the delicious supper menu served included all kinds of good things to eat. The annual Senior Promenade was the last event of the day and was held in the college gymnasium at nine o'clock in the evening.

TWIN BREAKFAST.

In the good old town of Scarborough, England, June 13th, 1950, there appeared in the Hopper home a son whom they named Charles. The family moved to this country and to this city, where the members thereof became honored residents of the communities in which they lived.

June 13, 1850, on Joy Prairie, in the home of Mr. and Mrs. J. C. Fairbank a son appeared and they called him Samuel Allen. The boy grew to manhood on the prairie and became a very acceptable resident of Jacksonville. So the two gentlemen are almost twins, and this morning mean to celebrate the event of their birth by a breakfast together at Peacock Inn.

NARROW ESCAPE FROM DEATH

C. E. Drummond, who is connected with the Caldwell Engineering Company of this city, narrowly escaped injury on Sunday when a truck in which he was riding nearly collided with an east bound passenger train on the Wash at the Spaulding crossing a few miles west of Jacksonville.

Drummond did not see the approaching train until he was almost on the track and then in order to save himself from certain death he ran his car directly into a wooden post at the edge of the track. This presence of mind undoubtedly saved his life, and though Mr. Drummond's car was badly wrecked, he was lucky to escape with his life.

CIRCUIT COURT WAS CONVENED MONDAY

Judge Burton Excuses Jurors
Until Wednesday. When Ayers
and Emmons Cases Will Be
Heard—Docket Entries Made.

Judge F. W. Burton convened circuit court again Monday. The jurors, however, were excused until Wednesday. Two cases are set for that date, that of Walter Ayers against the Jacksonville Railway & Light Co., and that of James M. Emmons, administrator against the Jacksonville Railway & Light Co.

The Ayers suit is the result of a collision between Mr. Ayers' car and the car of the Railway Co., last August. The Emmons suit is brought because a son of the complainant was killed recently by coming in contact with a power wire owned by the Railway & Light Co.

Judge Burton made a number of docket entries yesterday: In the suit of Henry J. Rodgers vs. Edith Fox, et al., leave was given the complainant to file amended bill.

The hearing of the divorce suit of John M. Jilek against Eleanor E. Jilek, was continued to June 15. The complainant paid to the clerk of the court yesterday a certain sum for alimony and attorneys' fees.

Judge Burton sustained exceptions to the answer in the suit of the Manchester Community High school vs. the Murrayville Community High school.

In the foreclosure suit of W. W. Robertson vs. Henry Lynch, et al., leave was given the complainant to amend his bill. The default of certain defendants was noted.

In the partition proceedings of Louise S. Capps, et al., vs. William A. Bancroft, the decree of distribution was rendered and approved.

NEWS OF THE SPORT WORLD

HAPIN GRAYS WIN FROM MURRAYVILLE

Murrayville, June 12.—In one of the most interesting games played at Murrayville for some time Sunday, Wright, pitching for Murrayville, was just the reverse to a week ago Sunday, being unable to control the ball, and his curves were not breaking, when he did get the ball over the head of the Chapin boys hit it or some of the local players and miss it. It looked as if the whole team was out of form

with the exception of Loneragan and Rousey who played good ball. C. Wright of Beardstown, who pitched for Chapin, was also as wild as could be, walking eight men and hitting two, but was given good support in the pinches. The local boys will assure the fans that they can expect a better game the next time, as we feel the worst has happened.

THAYER AND INDEES PLAYED TOWN BALL

Both Teams Hit Ball Hard and Some Poor Fielding Was Also Displayed—Final Score Was 13 to 12 in Favor of Indees.

Thayer and Frank Smith's Indees indulged in an old time game of town ball at South Side park Sunday afternoon. When the smoke of battle cleared away the locals were on the long end of a 13 to 12 score.

Both teams hit the ball hard and there was some poor fielding interspersed. In fact there were more errors of omission than of commission and they were nearly all costly. The Indees gave Hamm a five run lead before the third inning closed. However, as soon as they got a lead Hamm proceeded to give it back by walks until finally in the eighth inning Thayer tied the score.

The Indees managed to get one over in the eighth and then blanked Thayer, winning the game. When the final gun was thrown out by DeFratres the fans heaved a great sigh of relief as the pastime during the afternoon had been most tiresome.

The visitors delayed the game by constant kicking on Umpire Donahue's decisions on balls and strikes. Lower, the Thayer pitcher, was badly off and the visitors tried to pass the buck to Donahue. But he called them as he saw them and the breaks were about even.

There were few features in the game aside from the hitting unless it was the base running of Burkery of the locals. Burkery pilfered three bases, one of them being third base and probably would have stolen Thomas' glove had he not been compelled to retire after getting beamed by one of Lower's fast ones. FEELING FRESH AND STRONG ALL THE TIME NOW

Stomach Troubles Now Gone Dixon Resident Says She Never Sits Down at the Table Without Being Thankful to Tanlac.

"My wife now enjoys all her meals and we seldom sit down to the table without speaking of the great good Tanlac has done her," said Philip Kerz, well-known specialty salesman of Dixon, Ill.

"Two years ago my wife commenced suffering from indigestion so bad her food seemed to do her more harm than good. Everything she ate fermented and gas bloated her until it would almost cut off her breath. Her appetite left her and she became so run down the lightest housework would tire her out completely. She had severe headaches and was so nervous just any little noise upset her and she seldom got any refreshing sleep.

"Since taking Tanlac her appetite is excellent, her digestion perfect and she never suffers from her old troubles any more. She sleeps so well she feels fresh and strong all the time. Tanlac is the favorite medicine at our house and we are always glad to recommend it."

Tanlac is sold by all good druggists.—Adv.

Thomas Duffner had the misfortune to lose a fine, nine room house on his farm near Woodson yesterday morning. It was occupied by Thomas McDowell, who had recently moved to this locality from Carlville. Mr. McDowell was working not far away when he looked up and saw the whole roof in flames, and before he could save anything the house was too far gone. He had moved there recently from Jacksonville and had not transferred his insurance and Mr. Duffner said he had hardly as much insurance as he should have carried. The origin of the fire is thought to have been sparks from a chimney.
